Get ready for a game show with the biggest balls on TV! Wrecking Ball will make even the strongest and smartest contestants lose their cool, because no one can stay calm when a giant wrecking ball is set to knock them off their feet!

- COMBINATION OF *HUMOR, SUSPENSE AND DRAMA* AT EVERY STAGE
- HIGH STAKES* THROUGHOUT – YOU RISK LOSING THE GAME AND FACING THE *WRECKING BALL*!
- EXTREME SCENARIOS* – CAN GO FROM WINNING TO SUDDEN DEATH IN ONE ROUND!
- UNFORGETTABLE & UNIQUE* MOMENTS!

HOW IT WORKS?

A team of 3 brave contestants in the studio face 9 increasingly difficult questions.

For each question, the team members must select an answer from the 4 multiple choice responses – for every contestant still in the game there is one correct response.

Once they choose, they will stand on the podium corresponding to their answer.

The wrecking balls will be suspended above them, ready to send any team members who answer incorrectly flying from the game!

But if they choose correctly the wrecking ball will stop right in front of their face and they can continue to the next round.

Adding to the drama, every contestant is worth a different amount of money, which they must consider when taking risks on a response.

Throughout the game, the team will be offered 3 exit points to leave with the money accumulated to that stage.

The team that completes all questions with at least one player left in the game will win \$250,000!
